RE: Carib Energy (USA) LLC, FE Docket No. 11-141-LNG

Dear Mr. Stosser:

This is in response to your filing dated October 17, 2013, on behalf of Carib Energy (USA) LLC (Carib). The filing requests that the Department of Energy (DOE), Office of Fossil Energy (FE), process Carib's Application in the above-referenced docket next rather than taking up the Application in the Order of Precedence previously established by DOE/FE for applications to export liquefied natural gas to countries with which the United States has no free trade agreement providing for national treatment for trade in natural gas.

In the absence of action, your request would be denied by operation of law 30 days from the date that the request was submitted. 10 C.F.R. 590.302(c).

This letter is notice that DOE/FE intends to give further consideration to your request and the request will not be denied by operation of law.

Sincerely,

A handwritten signature in blue ink, appearing to read "John A. Anderson".
