ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT LIQUEFIED NATURAL GAS

DOE/FE ORDER NO. 1939

FEBRUARY 6, 2004
I. DESCRIPTION OF REQUEST

On January 20, 2004, Excelerate Energy L.P. (Excelerate) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA), for an authorization to import up to 400 billion cubic feet (Bcf) of liquefied natural gas (LNG) from various international sources over a two-year term beginning on December 1, 2004, and extending through November 30, 2006. Excelerate is a Texas limited partnership with its principal place of business in The Woodlands, Texas, and is a partner of Excelerate Energy L.L.C. Excelerate asserts that it will import the LNG under short-term purchase arrangements on its own behalf or as agent for others. The proposed authorization does not involve the construction of new pipeline or LNG receiving facilities.

II. FINDING

The application filed by Excelerate has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of LNG from a nation with which there is in effect a free trade agreement requiring national treatment for trade in LNG is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Excelerate to import LNG meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

\[1\] 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redelegation Order No. 00-002.04 (January 8, 2002).
ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Excelerate Energy L.P. (Excelerate) is authorized to import up to 400 billion cubic feet (Bcf) of liquefied natural gas (LNG) from various international sources over a two-year term beginning on December 1, 2004, and extending through November 30, 2006. This LNG may be imported at any existing receiving facility in the United States, or its territories.

B. With respect to the LNG imports authorized by this Order, Excelerate shall file with the Office of Natural Gas & Petroleum Import & Export Activities, within 30 days following each calendar quarter, reports indicating whether imports of LNG have been made. If no imports of LNG have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, Excelerate must report total monthly volumes in Mcf and the average purchase price of gas per MMBtu at the international border. The reports shall also provide the details of each transaction, including: (1) the country of origin; (2) the name(s) of the seller(s); (3) the name of the purchaser(s); (4) the estimated or actual duration of the agreements; (5) the name(s) of the LNG tanker(s) used; (6) the point(s) of entry; (7) the geographic market(s) served; (8) whether sales are being made on an interruptible or firm basis; and if applicable (9) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

[OMB No.: 1901-0294]

C. The reporting requirements described in Ordering Paragraph B of this Order shall be filed with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, Room 3E-042, FE-34, Forrestal Building, 1000 Independence Avenue, S. W., Washington, D.C., 20585.

D. The first quarterly report required by Ordering Paragraph B of this Order is due not later than January 30, 2005, and should cover the period from December 1, 2004, until the end of the fourth calendar quarter, December 31, 2004.
Issued in Washington, D.C., on February 6, 2004.
