ORDER GRANTING BLANKET AUTHORIZATION TO EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2002

JULY 1, 2004
I. DESCRIPTION OF REQUEST

On June 29, 2004, Mexicana de Cobre, S.A. de C.V. (Mexcobre) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),\(^1\) for blanket authorization to export up to 17.52 billion cubic feet of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term that began on April 27, 2003.\(^1\) The applicant is a Mexican corporation with its principal place of business in Nacozari, Sonora, Mexico.

II. FINDING

The application has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Mexcobre to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions under contracts with terms of no longer than two years.

\(^{1}\) 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redegulation Order No. 00-002.04 (January 8, 2002).

\(^{2}\) Mexcobre’s blanket export authority, granted by DOE/FE Order No. 1697 on July 2, 2001 (2 FE ¶ 70,645) expired April 26, 2003. Due to an administrative oversight Mexcobre did not file this application in a timely manner but did submit quarterly reports during the expiration period.
