ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO MEXICO

DOE/FE ORDER NO. 2013

AUGUST 27, 2004
I. DESCRIPTION OF REQUEST

On August 27, 2004, Central Valle Hermoso, S.A. de C.V. (Central Valle) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA), for blanket authorization to import and export up to a combined total of 30 billion cubic feet of natural gas from and to Mexico. The applicant requests the authorization be granted for a two-year term beginning on September 5, 2004. Central Valle is a corporation organized under the laws of Mexico, with its principal place of business in Colonia Villa Coyoacan, Mexico D.F.

II. FINDING

The application has been evaluated to determine if the proposed arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Central Valle to import and export natural gas from and to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions under contracts with terms of no longer than two years.
