ORDER GRANTING BLANKET AUTHORIZATION TO
EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2296

NOVEMBER 22, 2006
I. DESCRIPTION OF REQUEST

On October 16, 2006, Energia de Baja California, S. de R.L. de C.V. (Energia) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to export up to 43.1 billion cubic feet of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on December 11, 2006.² Energia is a Mexican corporation with its principal place of business in Chapultepec, Mexico.

II. FINDING

The application has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Energia to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redegregation Order No. 00.002.04B (September 23, 2005).
² Energia’s blanket authorization granted in DOE/FE Order No. 2132 on September 30, 2005, extends through December 10, 2006 (2 FE ¶ 71,184).
