FE DOCKET NO. 89-55-NG

ORDER VACATING LONG-TERM AUTHORIZATION  
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 447-A

On November 15, 1990, the Office of Fossil Energy (FE) of the Department of Energy (DOE) granted long-term authorization to Selkirk Cogen Partners, L.P. (Selkirk) in DOE/FE Order No. 447 (Order 447) (1 FE ¶70,375) to import up to 23,000 million cubic feet (Mcf) of natural gas per day from Canada over a 15-year term commencing upon commercial operation of the cogeneration plant, in accordance with the pricing and other provisions in the gas purchase contract dated December 15, 1989. On June 27, 2006, DOE was notified that the gas purchase contract had been terminated and Selkirk had ceased importing natural gas under Order 447 effective November 1, 2005. Selkirk no longer needs its authorization and has requested that DOE vacate Order 447.

Accordingly, pursuant to section 3 of the Natural Gas Act, Order 447 authorizing the import of natural gas from Canada is hereby vacated.

Issued in Washington, D.C., on July 25, 2006.
