ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 2326

JANUARY 19, 2007
I. DESCRIPTION OF REQUEST

On January 11, 2007, Petrocom Ventures, Ltd. (Petrocom) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),1 for blanket authorization to import up to 73 billion cubic feet (Bcf) of natural gas from Canada, and to export up to 73 Bcf of natural gas to Canada. Petrocom also requests authority to import up to 73 Bcf of natural gas from Mexico, and to export up to 73 Bcf of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term which began on November 1, 2006.2 Petrocom is a Texas corporation with its principal place of business in Houston, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Petrocom to import and export natural gas from and to Canada and Mexico, nations with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

---

1 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redelegation Order No. 00.002.04B (September 23, 2005).

2 Petrocom’s current blanket authorization granted in DOE/FE Order No. 2028 expired on October 31, 2006, (2 FE ¶ 71,029). Granting this request would prevent any gap in Petrocom’s authority to import and export natural gas.
