FE Docket No. 07-117-NG

Order Granting Blanket Authorization to Import and Export Natural Gas From and To Canada

Doe/Fe Order No. 2423

October 22, 2007
I. DESCRIPTION OF REQUEST

On October 17, 2007, Consolidated Edison Company of New York, Inc. (Consolidated Edison) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),\(^1\) for blanket authorization to import and export natural gas from and to Canada, up to a combined total of 125 billion cubic feet of natural gas. The applicant requests the authorization be granted for a two-year term beginning on January 1, 2008.\(^2\) Consolidated Edison is a New York corporation with its principal place of business in New York, New York.

II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Consolidated Edison to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
