ORDER GRANTING BLANKET AUTHORIZATION TO EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2542

SEPTEMBER 18, 2008
I. DESCRIPTION OF REQUEST

On September 3, 2008, JM & RAL Energy, Inc. (JM & RAL) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA), for blanket authorization to export up to 1,095 billion cubic feet (Bcf) of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2008. JM & RAL is a Delaware corporation with its principal place of business in Houston, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by JM & RAL to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

1/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redegulation Order No. 00.002.04C (January 30, 2007).
2/ JM & RAL was granted blanket authorization to export natural gas to Mexico by DOE/FE Order No. 2313 on December 14, 2006, which extends through October 31, 2008 (2 FE ¶ 71,393).

B. This natural gas may be exported at any point on the border between the United States and Mexico.
