ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 2604

JANUARY 9, 2009

I. DESCRIPTION OF REQUEST

On December 15, 2008, NorthWestern Corporation, doing business as NorthWestern Energy (NorthWestern Energy), filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a combined total of 20 billion cubic feet (Bcf) from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on February 7, 2009.² NorthWestern Energy is a Delaware corporation with its principal place of business in Butte, Montana.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by NorthWestern Energy to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redefinition Order No. 00.002.04D (November 6, 2007).

²/ NorthWestern Energy was granted blanket authorization to import and export natural gas from and to Canada in DOE/FE Order No. 2318 on December 21, 2006, which extends through February 6, 2009 (2 FE ¶ 71,407).
