ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT NATURAL GAS FROM CANADA AND MEXICO, AND TO IMPORT LIQUEFIED NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES

DOE/FE ORDER NO. 2782

APRIL 22, 2010
I. DESCRIPTION OF REQUEST

On April 13, 2010, LNGJ USA INC. (LNGJ) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)\(^1\) for blanket authorization to import natural gas from Canada and Mexico, and to import liquefied natural gas (LNG) from various international sources by vessel, up to a combined total of the equivalent of 300 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on June 8, 2010.\(^2\) LNGJ is a New York corporation with its principal place of business in The Woodlands, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by LNGJ to import natural gas from Canada and Mexico, and to import LNG from various international sources by vessel, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

\(^1\) 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redelegation Order No. 00,002.04D (November 6, 2007).

\(^2\) LNGJ's blanket authorization to import LNG from various international sources, granted in DOE/FE Order No. 2491 on May 1, 2008, extends through June 7, 2010 (2 FE ¶ 71,614).
ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. LNGJ is authorized to import natural gas from Canada and Mexico, and to import LNG from various international sources by vessel, up to a combined total of the equivalent of 300 Bcf of natural gas, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on June 8, 2010, and extending through June 7, 2012.

B. This natural gas may be imported at any point on the borders between the United States and Canada, and between the United States and Mexico.

C. This LNG may be imported at any LNG receiving facility in the United States and its territories.

D. LNG imports that require increased security measures from the United States Coast Guard (USCG) and/or other branches of the Department of Homeland Security in place now or added in the future shall comply with those measures on a shipment by shipment basis to the satisfaction of the USCG. Such measures may include periodic boarding or examination of the vessel by the USCG at the load port, while the vessel is underway, at any time during the voyage, and before and during discharge of the cargo while at the discharge port, as well as other enhanced security measures.

E. Monthly Reports: With respect to the natural gas imports and exports, and the imports of LNG authorized by this Order, LNGJ shall file with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month, a report indicating whether imports of natural gas or imports of LNG have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of “no activity” for that month must be filed. If imports of natural gas have
occurred, the report must give the following details: (1) the country of origin; (2) the point(s) of entry; (3) the volume in thousand cubic feet (Mcf); (4) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (5) the name of the supplier(s); (6) the name of the U.S. transporter(s); (7) the estimated or actual duration of the supply agreement(s); and (8) the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

If imports of LNG by vessel have occurred, the report must give the following details of each LNG cargo: (1) the name of the U.S. receiving terminal; (2) the name of the LNG tanker; (3) the date of arrival at the U.S. receiving terminal; (4) the country of origin; (5) the name of the supplier/seller; (6) the volume in Mcf; (7) the landed price per MMBtu at the point of import; (8) the duration of the supply agreement (indicate spot purchases); (9) the name(s) of the purchaser(s); and (10) the geographic market served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)). [OMB No. 1901-0294]

F. The first monthly report required by this Order is due not later than July 30, 2010, and should cover the reporting period from June 8, 2010, through June 30, 2010.

G. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Natural Gas Regulatory Activities, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Ms. Yvonne Caudillo. Alternatively, reports may be e-mailed to Ms. Caudillo at Yvonne.caudillo@hq.doe.gov or ngreports@hq.doe.gov, or may be faxed to Ms. Caudillo at (202) 586-6050.
Issued in Washington, D.C., on April 22, 2010.
