ORDER GRANTING BLANKET AUTHORIZATION TO EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2929

MARCH 15, 2011
I. DESCRIPTION OF REQUEST

On March 4, 2011, Mexicana de Cobre, S.A. de C.V. (Mexicana) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)\(^1\) for blanket authorization to export up to 17.5 billion cubic feet (Bcf) of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on April 27, 2011.\(^2\) Mexicana is a Mexican corporation with its principal place of business in Nacozari, Sonora, Mexico.

II. FINDING

The application has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Mexicana to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

---

\(^1\) The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. §717b) has been delegated to the Assistant Secretary for FE in Redegregation Order No. 00-002.04D issued on November 6, 2007.

\(^2\) Mexicana’s blanket authorization to export natural gas to Mexico granted in DOE/FE Order No. 2620 on March 12, 2009, extends through April 26, 2011.
ORDER

Pursuant to section 3 of the NGA, it is ordered that:

B. This natural gas may be exported at any point on the border between the United States and Mexico.

C. Monthly Reports: With respect to the natural gas exports authorized by this Order, Mexicana shall file with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month, a report indicating whether exports of natural gas have been made. (Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than May 30, 2011, and should cover the reporting period from April 27, 2011, through April 30, 2011.
