ORDER VACATING PRIOR AUTHORIZATION TO
EXPORT LIQUEFIED NATURAL GAS FROM ALASKA

DOE/FE ORDER NO. 350-C

On November 16, 1989, Yukon Pacific Corporation (YPC) was granted long-term authorization in Department of Energy/Fossil Energy (DOE/FE) Order No. 350 to export up to 350 million metric tons of liquefied natural gas (LNG) from the North Slope of Alaska to Japan, South Korea, and Taiwan for a twenty-five year term beginning on the date of the first export. On August 4, 1992, in Order No. 350-B, YPC's authorization in Order No. 350 was transferred to Yukon Pacific Company, L.P. (Yukon Pacific). On December 13, 2011, Yukon Pacific requested that DOE/FE Order No. 350-B be vacated on the date the order is signed, as Yukon Pacific has never exported any LNG under the authorization, is no longer pursuing efforts to export LNG, and is in the process of concluding its business affairs.

Accordingly, pursuant to section 3 of the Natural Gas Act, the authorization to export LNG from the North Slope of Alaska granted to YPC in DOE/FE Order No. 350 and transferred to Yukon Pacific in DOE/FE Order No. 350-B is hereby vacated effective December 22, 2011.

Issued in Washington, D.C., on December 22, 2011.
