---

I am writing in support of the Jordon Cove project because I support of the exportation of liquefied natural gas from Coos Bay. I believe this project will help expand the usefulness of the Port of Coos Bay and provide key jobs for our area. I understand that the project will create construction jobs as well as permanent jobs paying family wages.

The Port of Coos Bay has been underutilized for the past 25 years and the Jordan Cove project will greatly improve the facilities and create the opportunity for more businesses to use this port.

Thank you for considering my opinion.

Donna Opitz
