Subject: 2012 LNG Export Study

January 20, 2012

To Whom this Concerns;

Let this be of record that my family and I are in wholehearted agreement with Senator Ron Wyden concerning the export of LNG as stated in his letter to the Department of Energy on January 10, 2013.

Gas and pipeline companies are moving at breakneck speeds in an attempt to grab for the gold.

It is the responsibility of our governing bodies to properly set in place a system of checks and balances by carefully examining all impacts to this new found resource. Haste and greed should not cloud our vision.

Most sincerely,

Alan and Marcella Laudani
