II.

BACKGROUND

ProGas U.S.A. is a corporation incorporated under the laws of the State of Delaware, with its principal place of business at 400, Third Avenue S.W., Suite 3300, Calgary, Alberta, Canada. ProGas
U.S.A. is beneficially owned by ProGas Limited, a private corporation organized under the laws of the Province of Alberta, Canada, with its principal place of business in Calgary, Alberta, Canada. ProGas U.S.A. is actively engaged in the business of purchasing and reselling natural gas throughout the United States. ProGas U.S.A. purchases natural gas primarily from ProGas Limited and resells such supplies directly to end-users and others in “first-sale” transactions. ProGas Limited is engaged in the business of buying and selling natural gas in Canada, and buying, selling and exporting natural gas produced in Canada to purchasers located in the United States, including ProGas U.S.A.

III.

AUTHORIZATION REQUESTED

ProGas U.S.A. requests authorization to import up to 7,850 Mcf per day of natural gas (as adjusted for fuel, line loss and imbalances), on a long term basis from November 1, 1997 to March 1, 2007. As confirmed in the attached Exhibit “A”, importation of natural gas from Canada is within ProGas U.S.A.’s corporate powers.

The natural gas to be imported will become part of ProGas U.S.A. ’s supplies to be sold to markets off the pipeline system of the Pacific Gas Transmission Company (“PGT”). The sales off PGT will be made at market-based prices, which will be negotiated at the time of the sale. The Office of Fossil Energy (“OFE”) has previously approved natural gas imports for similar sales by ProGas U.S.A. See ProGas U.S.A., Inc., I FE ¶ 71,311 (1996). In aid of its marketing efforts for the gas to be imported, ProGas U.S.A. has agreed to take firm capacity on PGT’s pipeline for a term of ten (10) years commencing March 1, 1997.

ProGas U.S.A. will purchase the gas to be sold to the markets off PGT from ProGas Limited at the U.S./Canada international boundary at Eastport, Idaho. ProGas U.S.A. and ProGas Limited are parties to a natural gas agreement dated July 1, 1990, as amended July 2, 1990, which permits ProGas U.S.A. and ProGas Limited to enter into gas sales arrangements which are documented by schedules to the agreement. This agreement, as amended, is attached hereto as Exhibit “B”.

ProGas Limited will ship the gas through Canada on the NOVA Gas Transmission Ltd. Pipeline system to its interconnection with Alberta Natural Gas Company (“ANG”) at the Alberta/British Columbia
Border ("A/BC Border"). From the A/BC Border, ProGas Limited will ship the gas using firm capacity, on ANG, to the international boundary at Eastport, Idaho. At Eastport, Idaho, ProGas Limited will sell the gas to ProGas U.S.A. and ProGas U.S.A. will import the gas into the United States. ProGas U.S.A. will ship the gas from Eastport, Idaho using capacity on the PGT pipeline system.

IV.
PUBLIC INTEREST

The Energy Policy Act provides that the importation of natural gas from a nation with which there is in effect a free trade agreement shall be deemed to be within the public interest, and that applications for such importation shall be granted without modification or delay.¹ Because ProGas U.S.A.'s application is for the importation of natural gas from Canada, a nation with which the United States has a free trade agreement, ProGas U.S.A. submits that its application is within the public interest.

V.
REPORTING REQUIREMENTS

With respect to the imports made pursuant to the long-term authorization requested herein, within two weeks after deliveries begin under the long-term authorization, ProGas U.S.A. will notify the Office of Fuels Programs ("OFP") in writing of the date that the first import of natural gas occurred. Additionally, ProGas U.S.A. will file with the OFP within thirty (30) days following each calendar quarter, a quarterly report showing by month the total volume imported and the average purchase price per MMBtu of gas paid at the international border. The price information for a particular month will include such information as OFE may require to be filed.

VI.
CONCLUSION

WHEREFORE, for the foregoing reasons ProGas U.S.A. respectfully requests that the OFE expeditiously consider the instant application and pursuant to section 3 of the NGA, as amended by section

201 of the Energy Policy Act, grant the requested long-term import authorization. ProGas U.S.A. submits that a grant of such authorization would be consistent with the public interest.

Respectfully submitted:

THIS GAS PURCHASE CONTRACT made as of the 1st day of July, 1990

BETWEEN:

PROGAS LIMITED,
a body corporate, having an office in the
City of Calgary, in the Province of Alberta
(hereinafter referred to as "Seller")

OF THE FIRST PART

- and -

PROGAS U.S.A. Inc.,
a Delaware corporation, having an office in the
City of Calgary, in the Province of Alberta
(hereinafter referred to as "Buyer")

OF THE SECOND PART

WHEREAS, Seller has contracted to purchase natural gas from producers in the Province of Alberta and desires to sell certain quantities of such gas on behalf of such producers on a firm or interruptible basis to buyers in the United States and Canada; and

WHEREAS, Buyer is a wholly-owned subsidiary of Seller incorporated for the purpose of increasing the ability of Seller to access natural gas markets in the United States; and

WHEREAS, it is anticipated that, from time to time, occasions may arise in which Seller can access interruptible gas markets in the United States by selling gas to Buyer for resale into such markets; and

MICROFILMED

CON173-90-10-01
WHEREAS, pursuant to the terms of this Agreement, Seller wishes to sell to Buyer and Buyer wishes to purchase from Seller volumes of gas on an interruptible basis as herein provided;

NOW THEREFORE THIS AGREEMENT WITNESSETH THAT, in consideration of the covenants and agreements herein contained, the parties hereto covenant and agree as follows:

ARTICLE I
QUANTITY

1.01 Subject to the conditions herein contained, Seller agrees to sell and deliver to Buyer, and Buyer agrees to purchase and receive from Seller, all on an interruptible basis, such volumes of natural gas as Buyer from time to time requests out of the volumes of gas made available by Seller, up to a daily volume of gas as agreed upon from time to time pursuant to Schedule "A" attached hereto. Neither Seller nor Buyer have any firm obligation to sell and deliver or purchase any specific minimum quantity of gas on any day or during any month.

ARTICLE II
POINT OF DELIVERY AND TITLE

2.01 The Point of Delivery for all gas delivered and purchased under this Agreement shall be as agreed upon from time to time pursuant to Schedule "A" attached hereto. Seller
shall be responsible for ensuring that all necessary Canadian regulatory authorizations are in effect to enable Seller to sell and deliver to Buyer the volumes hereunder. Buyer shall be responsible for ensuring that all necessary United States regulatory authorizations are in effect to enable Buyer to purchase and receive the volumes hereunder.

2.02 Possession of and title to all gas delivered hereunder shall pass from Seller to Buyer at the Point of Delivery. Until title to the gas is passed to Buyer, Seller shall be deemed to be in control and possession of, and be responsible for such gas, and thereafter Buyer shall be deemed to be in control and possession of, and be responsible for such gas.

2.03 Seller agrees to indemnify Buyer and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities and expenses arising from or out of claims of any or all persons to said gas or other charges thereon which attach while title remains with Buyer.

ARTICLE III

QUALITY, PRESSURE, TEMPERATURE AND MEASUREMENT

3.01 The quality, pressure and temperature shall be of the quality, pressure and temperature standards utilized by the First Transporter (the initial pipeline transporting gas hereunder from Seller at the point of delivery). The gas to be delivered hereunder shall be measured at the Point of Delivery in compliance with the provisions contained in the First Transporter's tariff. The parties acknowledge that the standards respecting quality, pressure, temperature, measurement, corrections of metering errors and remedies respecting same set
by the First Transporter may change from time to time. In that event, the standards, as changed, shall be incorporated in this contract, as same become effective in the First Transporter's tariff.

ARTICLE IV

PRICE, BILLINGS AND PAYMENTS

4.01 Subject to the other provisions of this Article IV, Buyer shall pay Seller monthly during such period a unit price resulting from the total monthly gas sales revenue, expressed in United States dollars, received by Buyer from its customers, less the sum of the items listed in Sub-Subsections (i), (ii) and (iii) below, with the difference divided by the total quantity of gas delivered by Seller to Buyer. The unit price as determined herein, shall hereinafter be referred to as the "netback price".

The items to be deducted are:

(i) the monthly transportation charges of United States transporters applicable to Buyers' sales, in addition to any cost of pipeline fuel and losses, taxes on the use of fuel, the carrying cost of line pack in such systems, and other transportation related charges as they apply to the subject sales; and

(ii) Buyer's monthly cost of service which shall consist of any general and administrative costs incurred directly by Buyer; and
any taxes, levies, or charges prescribed by law, or any government body, in respect of the subject sales. To the extent that any new taxes are recoverable from Buyer’s customers or are eligible for refund on the export of gas purchases hereunder from Canada, Buyer shall use its best efforts to recover such taxes, or apply for such refund, as the case may be, so as to minimize the effect of such new taxes on the netback price hereunder as far as reasonably possible.

4.02 The monthly gas sales revenue received by Buyer from its customers shall be as a result of each of its sales arrangements downstream of the Point of Delivery. Each downstream sales arrangement shall be identified on the Schedule “A” attached hereto.

4.03 (a) On or before the twentieth (20th) day of each month following a month in which deliveries have been made pursuant to this Agreement, Seller shall render to Buyer a statement setting forth the quantity of gas delivered by Seller for the immediately preceding month, the heat content thereof and the amount payable by Buyer to Seller.

(b) Buyer shall make payment to Seller, according to the aforementioned invoice, in United States dollars, by wire transfer, to Seller’s bank as designated by Seller from time to time. Buyer shall pay to Seller any amounts received by Buyer for gas sales to Buyer’s customers, less the items specified in paragraph 4.01 (i), (ii), and (iii), within one (1) business day of Buyer’s receipt of such payments.
(c) Without prejudice to any remedies available to Seller for nonpayment of monies due hereunder, should Buyer fail to pay any amount due to Seller by the due date, then interest thereon shall accrue at an annual rate of interest equal to the U.S. Base Lending Rate then charged by the main branch of the Canadian Imperial Bank of Calgary, Alberta, plus one percent (1%) per annum from the due date until the date of payment.

(d) Unless objected to by either party within one hundred and twenty (120) days after the receipt by Buyer of the said invoice, the said invoice shall be accepted by both parties as correct. In the event either party takes objection to the said invoice within the said one hundred and twenty (120) day period, any adjustment required as a result of the settlement of the matter or matters giving rise to such objection shall be made in the month next following the month in which such settlement is made. Any unresolved disputes shall be referred by the parties to arbitration, unless otherwise mutually agreed.

ARTICLE V
TERM OF AGREEMENT

5.01 The term of this Agreement shall be from July 1, 1990 to October 31, 1990, and shall continue on a month by month basis thereafter, unless terminated by either party upon thirty (30) days prior written notice.
ARTICLE VI
MISCELLANEOUS PROVISIONS

6.01 This Agreement shall be conditional on both parties receiving, and the continuing existence of, any authorizations required to permit the sale and delivery of the volumes of gas hereunder.

6.02 Seller shall not be obligated to deliver gas hereunder where such delivery would cause Seller to be in breach of any of the obligations of Seller to its firm customers.

6.03 Except with respect to the obligation to pay amounts due hereunder, failure of either party to perform any obligation herein imposed upon it shall be deemed not to be a breach of such obligation if performance thereof is rendered impossible by a cause, other than lack of funds or inability to pay money when due, beyond the control of the party so failing to perform.

6.04 This Agreement and the rights and obligations of the parties hereto are subject to all present and future laws, rules, regulations and orders of any legislative body or duly constituted authority now or hereafter having jurisdiction.

6.05 This Agreement and the rights and obligations of the parties hereto shall be interpreted and construed according to the laws of Alberta.

provisions of Article IV of the Gas Purchase Contract;

In consideration of the covenant and agreements herein contained the parties hereto
agree to as follows:

1. Section 4.01 of the Gas Purchase Contract shall be deleted and substituted
with the following:

"(a) "Subject to the other provisions of this Article IV, Buyer shall pay Seller
monthly during such period a unit price resulting from the total monthly
gas sales revenue, expressed in United States dollars, received by
Buyer from its customers, less the sum of the items listed in Sub-

(ii) Buyer's monthly cost of service which shall consist of:

(A) any general and administrative costs incurred directly by or allocated to Buyer as they apply to the subject sales;

(B) an amount determined by multiplying Seller's return on rate base for the month by a fraction, the numerator of which is the project of Buyer's accounts receivable times the average noon spot foreign exchange rate for the month, and the denominator of which is the sum of consolidated accounts receivable of Buyer and Seller plus the consolidated rate base of Buyer and Seller, all
divided by the average noon spot foreign exchange rate for the month;

(C) the tax adjustment factor;

(D) such adjustments to the amounts calculated in subparagraphs (ii)(A), (ii)(B), and (ii)(C) for previous months in the fiscal year as are necessary due to revisions, adjustments or charges determined subsequent to the month end; and

(iii) any taxes, levies, or charges prescribed by law, or any government body, in respect of the subject sales. To the extent that any new taxes are recoverable from Buyer’s customers or are eligible for refund on the gas purchases hereunder from Canada, Buyer shall use its best efforts to recover such taxes, or apply for such refund, as the case may be, so as to minimize the effect of such new taxes on the netback price hereunder as far as reasonable possible.

(b) For purposes of determining the netback price, the following terms shall have the meanings set out below:

(i) “Seller’s return on rate base for the month” shall be ProGas Limited’s monthly allowable amount of return on regulated
activities, as approved by the Alberta Petroleum Marketing Commission;

(ii) "Buyer's accounts receivable" shall be the sum of Buyer's accounts receivable determined as at the month end;

(iii) "Consolidated accounts receivable of Buyer and Seller" shall be the sum of Buyer's accounts receivable determined as at the month end times the average noon spot foreign exchange rate for month and the Seller's accounts receivable associated with regulated natural gas marketing activities, excluding G.S.T. receivables, determined as at the month end;

(iv) "Consolidated rate base of Buyer and Seller" shall be the sum of Buyer's rate base determined as at the month end times the average noon spot foreign exchange rate for the month and Seller's rate base determined as at the month end;

(vi) "Tax adjustment factor" shall be the amount of United States taxes which Buyer is subject to on account of its regulated
activities within the U.S., divided by the result of one minus the Buyer's effective tax rate."

2. Lines 4 and 5 of Section 4.03 (c) shall be amended by substituting the words "main branch of the Canadian Imperial Bank of Calgary, Alberta" with "the main branch of the Bank of Montreal, Calgary, Alberta".

FE DOCKET NO. 97-88-NG

ORDER GRANTING LONG-TERM AUTHORIZATION TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1326

OCTOBER 31, 1997
I. DESCRIPTION OF REQUEST

On October 20, 1997, ProGas U.S.A., Inc. (ProGas) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA) 1/ and DOE Delegation Order Nos. 0204-111 and 0204-127, requesting long-term authorization to import from Canada up to 7,850 Mcf per day of natural gas, plus gas required for transportation, from November 1, 1997, to March 1, 2007. ProGas is a corporation under the laws of the State of Delaware with its principal place of business in Calgary, Alberta, Canada, and is beneficially owned by ProGas Limited.

Pursuant to the terms of an agreement dated July 1, 1990, as amended July 2, 1990, ProGas will purchase the natural gas to be imported from ProGas Limited under a netback arrangement. The imported gas will become part of the applicant's supplies for sale to markets off the pipeline system of Pacific Gas Transmission Company (PGT). ProGas states that the imported natural gas will enter the United States at the interconnection of Alberta Natural Gas Company and PGT at Eastport, Idaho. The price of natural gas sold off PGT will be a market-based price negotiated at the time of the sale.

C. FINDING

The application filed by ProGas has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486).

Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ProGas to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. ProGas U.S.A., Inc. (ProGas) is authorized to import from Canada up to 7,850 Mcf per day of natural gas, plus gas required for transportation, beginning November 1, 1997, through March 1, 2007, under the terms and conditions of the gas sales agreement dated July 1, 1990, and July 2, 1990, between ProGas and ProGas Limited. This natural gas may be imported at the interconnect of Alberta Natural Gas Company and Pacific Gas Transmission Company at the international border at Eastport, Idaho.

B. With respect to the natural gas imports authorized by this Order, ProGas shall file with the Office of Fuels Programs, within 30 days following each calendar quarter, a quarterly report indicating by month the volumes and prices of natural gas imported pursuant to this Order. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, ProGas must report total monthly
volumes in Mcf and the average purchase price of gas per MMBtu delivered at the international border. The monthly price information shall itemize separately the monthly demand and commodity charges, fuel charges, and, if applicable, reservation fees. ProGas shall provide, to the extent possible, a breakdown of the import volumes by delivery point and show the amount sold in each State and to each of its customers.

C. Quarterly reports shall be filed with the Office of Natural Gas & Petroleum Import and Export Activities, Fossil Energy, Room 3F-056, FE-34, Forrestal Building, 1000 Independence Avenue, S.W., Washington D.C. 20585.

D. The first quarterly report required by Ordering Paragraph B of this Order is due not later than January 30, 1998, and should cover the period from November 1, 1997, through the end of the fourth calendar quarter, December 30, 1997.

Issued in Washington, D.C., on October 31, 1997.
