ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1248

FEBRUARY 12, 1997
I. **DESCRIPTION OF REQUEST**

On February 7, 1997, Big Sky Marketing Corporation (Big Sky) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)\(^1\) and DOE Delegation Order Nos. 0204-111 and 0204-127, for authorization to import up to 44 Bcf of natural gas and to export up to 44 Bcf of natural gas from and to Canada for a two-year term beginning on the date of first delivery after October 31, 1997.\(^2\) Big Sky is a Delaware corporation with its principal place of business in Denver, Colorado. Big Sky will import and export the natural gas under spot and short-term purchase arrangements, on its own behalf or as an agent on behalf of U.S. and Canadian suppliers and/or purchasers. The proposed authorization does not involve the construction of new pipeline facilities.

II. **FINDING**

The application filed by Big Sky has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. ______\(^1\) 15 U.S.C. § 717b. ______\(^2\) Big Sky's current authorization, granted by DOE/FE Order No. 1099 (Order 1099) on October 5, 1995 (1 FE ¶ 71,178), expires October 31, 1997. Since the issuance of Order 1099, Big Sky has revised its corporate structure and, as a result, has changed its name to Big Sky Gas Marketing Corporation.
L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Big Sky to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Big Sky Gas Marketing Corporation (Big Sky) is authorized to import up to 44 Bcf of natural gas and to export up to 44 Bcf of natural gas from and to Canada over a two-year term beginning on the date of first import or export delivery after October 31, 1997. This natural gas may be imported or exported at any point on the border of the United States and Canada.

B. Within two weeks after deliveries begin, Big Sky shall provide written notification to the Office of Natural Gas & Petroleum Import and Export Activities, Fossil Energy, Room 3F-056, FE-35, Forrestal Building, 1000 Independence
Avenue, S.W., Washington, D.C. 20585, of the date that the first import or export delivery of natural gas authorized in Ordering Paragraph A above has occurred.
C. With respect to the natural gas imports and exports authorized by this Order, Big Sky shall file with the Office of Natural Gas & Petroleum Import and Export Activities, within 30 days following each calendar quarter, quarterly reports indicating whether imports or exports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports or exports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports or exports have occurred, Big Sky must report the following: (1) total monthly volumes in Mcf; (2) the average monthly purchase price of gas per MMBtu at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the U. S. transporter(s); (7) the point(s) of entry and exit; and (8) the geographic market(s) served (for imports, by State). For import transactions only, the report shall also include: (1) whether sales are being made on an interruptible or firm basis; and, if applicable, (2) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

D. The first quarterly report required by Ordering Paragraph C of this Order is due not later than January 30,
and should cover the period from November 1, 1997, until the end of the fourth calendar quarter, December 31, 1997. Issued in Washington, D.C., on February 12, 1997.
