ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1676

APRIL 17, 2001
I. **DESCRIPTION OF REQUEST**

On April 3, 2001, Virginia Power Energy Marketing, Inc. (VPEM) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),\(^1\) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export up to a combined total of 730 billion cubic feet of natural gas from and to Canada over a two-year term beginning on the date of first delivery. VPEM is a Virginia corporation with its principal place of business located in Glen Allen, Virginia. VPEM is engaged in the business of purchasing natural gas from gas producers, and reselling that gas throughout the United States. VPEM will import and export the natural gas under spot and short-term purchase arrangements on its own behalf and on the behalf of others. The requested authorization does not involve the construction of new pipeline facilities.

II. **FINDING**

The application filed by VPEM has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by VPEM to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the

section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
