(Enbridge Consumers Gas) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),1/ and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export up to a combined total of 200 billion cubic feet of natural gas from and to Canada over a two-year term commencing January 1, 2002, and extending through December 31, 2003.2/ Enbridge Consumers Gas is an Ontario corporation with its principal place of business located in North York, Ontario. The requested authorization does not involve the construction of new pipeline facilities. Enbridge Consumers Gas also requests DOE to vacate DOE/FE Order No. 1637 since the proposed authorization would replace the current import authorization.3/

II. FINDING

The application filed by Enbridge Consumers Gas has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under

section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Enbridge Consumers Gas to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
