ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1796

JULY 3, 2002
I. DESCRIPTION OF REQUEST

On June 19, 2002, Conoco Canada Limited (Conoco) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA), for blanket authorization to import and export a combined total of up to 100 billion cubic feet of natural gas from and to Canada over a two-year term beginning on June 1, 2002, and extending through May 31, 2004. Conoco is a Nova Scotia corporation with its principal place of business in Calgary, Alberta, Canada. Conoco is a subsidiary of Conoco Inc. and is in the business of exploring for, producing, processing, transporting and trading petroleum, natural gas and related products. Conoco will import and export the natural gas under spot and short-term purchase arrangements on its own behalf or as agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Conoco has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Conoco to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the
