ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1816

OCTOBER 8, 2002
I. DESCRIPTION OF REQUEST

On October 2, 2002, Westcoast Energy (U.S.) LLC (WEUS) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for authorization to import and export up to a combined total of 200 Bcf of natural gas from and to Canada, over a two-year term beginning on December 1, 2002.² WEUS is a Delaware corporation with its principal place of business in Wilmington, Delaware.³ WEUS, a shipping and marketer of hydrocarbon products in the United States, will import and export the natural gas on its own behalf or as an agent for others. The proposed authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by WEUS has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas, is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by WEUS to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
