ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1825

OCTOBER 29, 2002
I. DESCRIPTION OF REQUEST

On October 28, 2002, CanNat Energy Inc. (CanNat) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),\(^1\) for authorization to import from Canada, up to 190 Bcf of natural gas over a two-year term, beginning on December 1, 2002.\(^2\) CanNat, a Delaware corporation, is an indirectly wholly-owned subsidiary of Canadian Natural Resources Limited (CNR), with its principal place of business in Calgary, Alberta, Canada. CanNat will purchase the imported gas from CNR, whose general partnership consist of CNR and its wholly-owned subsidiary, CanNat Resources Inc. and resell that gas in the United States. The proposed authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by CanNat has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by CanNat to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c).
