ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT LIQUEFIED NATURAL GAS

DOE/FE ORDER NO. 1827

NOVEMBER 5, 2002
I. DESCRIPTION OF REQUEST

On October 29, 2002, as amended on November 4, 2002, Marathon LNG Marketing LLC (Marathon LNG) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),1 for authorization to import from various international sources, up to 116 Bcf of liquefied natural gas (LNG) over a two-year term, beginning on November 5, 2002. Marathon LNG, a Delaware corporation with its place of business in Houston, Texas, is a wholly-owned subsidiary of Marathon Oil Company which in turn is a wholly-owned subsidiary of Marathon Oil Corporation. Marathon LNG will purchase the competitively priced LNG from various international sources (where trade has not been prohibited) and possibly its affiliates. The imported LNG will then be resold in the United States. The proposed authorization does not involve the construction of new pipeline or LNG receiving facilities.

II. FINDING

The application filed by Marathon LNG has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of LNG is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Marathon LNG to import LNG meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket Order authorizes transactions under contracts with terms of no longer than two years.
