ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND MEXICO,
AND TO IMPORT LIQUEFIED NATURAL GAS

DOE/FE ORDER NO. 1860

MARCH 27, 2003
I. DESCRIPTION OF REQUEST

On March 17, 2003, Sempra Energy Trading Corp. (Sempra) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act \(^1\) (NGA), requesting authority to import and export up to a combined total of 300 billion cubic feet (Bcf) of natural gas from and to Canada, and to import and export up to a combined total of 300 Bcf of natural gas from and to Mexico, and to import up to 300 Bcf of liquefied natural gas (LNG) from various international sources. The term of this authorization is for a two-year period beginning on June 16, 2003, and extending through June 15, 2005.\(^2\) Sempra, a Delaware corporation with its principal place of business in Stamford, Connecticut, is engaged in the business of dealing and trading in commodities, including, but not limited to, natural gas. Sempra will import and export the natural gas and LNG under short-term and spot market transactions, on its own behalf and as an agent for others. The requested authorization does not involve the construction of new pipeline or receiving facilities.

II. FINDING

The application filed by Sempra has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the importation of LNG from an international source not subject to trading sanctions, are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Sempra to import and export natural gas from and to Canada and Mexico, nations with which free trade agreements are in effect, and the importation of LNG from various international sources, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

---

\(^1\) 15 U.S.C. § 717b. The authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redelegation Order No. 00-002.04 (January 8, 2002).

\(^2\) Sempra’s current blanket authorization to import and export natural gas and the import of LNG granted by DOE/FE Order No. 1795 dated July 2, 2002 (2 FE ¶ 70,762) expires June 15, 2003.
